

# PILATES TRAINING

REFORMER · MAT · TOWER

EVERYTHING YOU NEED TO KNOW

*LEARN. GROW. TEACH. INSPIRE.*  
**START YOUR JOURNEY  
WITH KYSKO.**

**Are you passionate about Pilates and eager to share your love for movement with others?**

Look no further than Kysko's Pilates Training program. As the leading provider of Pilates Reformer group classes in Geneva, Switzerland, we are dedicated to empowering individuals to become skilled Pilates Instructors who can inspire and transform lives.

At Kysko, we believe in turning passion into a fulfilling career. Our training program, **led by international teachers** trained in **both traditional and contemporary Pilates**, is designed to meet the evolving needs of today's Pilates community. Our first cohort of teachers has already **secured employment** and earned praise from **satisfied clients**.

Upon completion of our training, you will be equipped with the **knowledge and skills to teach Pilates to clients of all levels**, helping them enhance their well-being and achieve their fitness goals. From mastering the technique of **the Pilates method** to understanding **fundamentals of anatomy** and addressing common **body limitations and injuries**, our program covers all aspects essential for effective instruction. Whether it's teaching private sessions or leading dynamic group classes, you will learn invaluable techniques for cueing, correcting, and motivating clients to reach their fullest potential.

But at Kysko, we're more than just a training program, we're **a supportive community** driven by a shared passion for Pilates and a commitment to personal growth. **Our motto, be inspired to inspire**, encapsulates our philosophy of empowering individuals to make a positive impact on others' lives. We believe in creating a safe, nurturing environment where you can **develop your skills** and **thrive professionally**.

Are you dynamic, curious, and open-minded? Do you have a genuine love for Pilates and a desire to help others feel better about themselves? If so, Kysko's teacher training program is the perfect opportunity for you. **Join our team of enthusiastic, passionate professionals** in a supportive, fun, and non-boring environment. We take our work seriously, but with **humility** and a **sense of humor**, ensuring that every step of your journey with us is both fulfilling and enjoyable.

Transform your passion into a rewarding career with Kysko's Pilates Comprehensive Training program. **Together, let's inspire change and make a difference, one Pilates session at a time.**

# THE INSTRUCTORS

## Lalia

She has been practicing and teaching Pilates for 3 years. Passionate about movement from a young age, she started with circus arts and developed a deep interest in the human body. She has since completed numerous international trainings and attended global conventions to deepen her expertise.

## Erica

Erica is a certified classical Pilates instructor with over 600 hours of training. A former competitive athlete, she combines precision, creativity, and a deep understanding of movement in every class.

## Kelly

A certified Pilates instructor in Romana's method and State-Certified Sports Educator, she is passionate about classic Pilates, precision, and mindful movement. Drawing on her lifelong love of sport and international experience, she helps students build strength, flexibility, and body awareness.

# THE INSTRUCTORS

## Alisa

A certified Pilates coach and former dancer, she also teaches pole dance and aerial hoop. Her teaching combines precision, creativity, and flow to help students build strength, flexibility, and body awareness.

## Randa

With a Bachelor's degree in Sports Science and certified in Pilates (Mat and Reformer) following an extensive background in athletics and yoga, she blends scientific rigor with mindful movement. Passionate about functional anatomy, she guides her students with a precise, educational approach, aiming to optimize body function and sustainably enhance their daily well-being.

## June

A certified Pilates and Yoga teacher since 2017, she offers a functional and holistic approach centered on resilience and well-being. Specializing in injury management and nervous system regulation, she guides her students toward greater strength, mobility, and body confidence through a personalized teaching style that honors the uniqueness of every body.
